STIRA

Competitively
Complementing
your quality projects

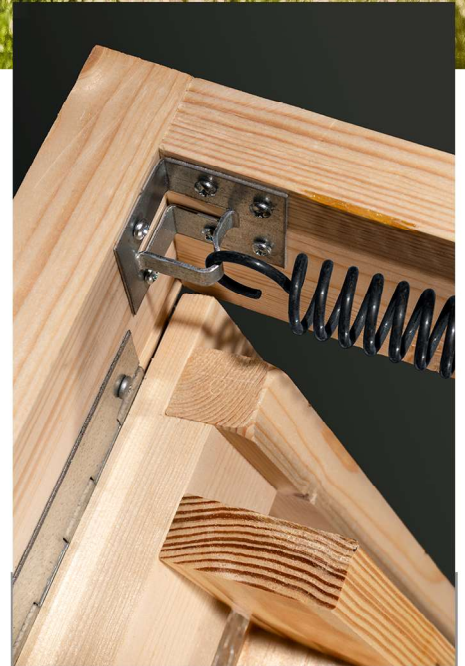

Why Supply & Fit service/package?

- Consultant/installers with over 17 years experience
- Tailormade solutions, measured & installed to your exact requirements
- Stira Quality, product and service
- Stira guarantee covering product and installation
- Avoid accountability issues with split packages
- Ceiling heights up to 4 metres

Features:

- Patented structural inner frame
- Stairs fixed to inner frame for extra strength (not the trap door)
- Renewably sourced, high quality, minimum knotted, tight grain yellow pine timber
- Insulated aluminium foil backed trap door
- High rated airtight seal (0.39M³/Hr @ 50 Pascal)
- Patented extra strong wrap around ladder hinges
- Concealed heavy duty trap door piano hinge
- Heavy duty trap door spring opening/closing mechanism (eliminating lock requirement or risk of injury from lock failures)
